MEMORANDUM FOR: Mr. [redacted] Chairman,
Headquarters Board of Survey

SUBJECT : Property Survey Reports 00602, 00603,
and 00634 (Unserviceable ammunition
[redacted])

25X1A6a

1. Under date of 23 July 1954 the Property Survey Board recommended to the Deputy Director (Administration) that he authorize the disposal of the unserviceable ammunition. This was done in a cable released on 23 November 1954.

2. The memorandum from the Board also indicated that inasmuch as the problem was a complicated one, additional information was needed before a final recommendation could be made in regard to relief from accountability and responsibility. The Board further indicated that an appropriate inquiry would be initiated to obtain the necessary information.

3. Inasmuch as four months have passed since the memo was received, it is requested that an interim report be submitted outlining the most recent developments in this case unless the final report is nearing completion.
